Dance Photography - Pricing Structure

Structure 1 - Single Dancer Session \$220

We come to your dance studio or a location of your choosing and capture one dancer for a total 30 minute shoot time. This is the simplest option to capture a number of professional images that can be used in the dancers portfolio, online or to print out.

- One location for a total 30 minute shoot time.
- 5 fully edited images delivered via file download in high resolution.
- Image editing includes blemish removal and colour correction where required.
- Additional images available can be purchased.

Structure 2 - Studio 1/2 Day Shoot \$680

Just like structure 1 where we come to you or a location of your choice, but we spend 3 hours in total shoot time, which is enough time to capture 6 to 8 of your dancers individually, or a medium size group of young ballerinas.

- One location for a total 3 hour shoot time.
- 3 fully edited images per dancer delivered via file download in high resolution.
- Image editing includes blemish removal and colour correction where required.
- Additional images available can be purchased.

Extras - Add on to Structure 1 or 2

As we are always trying our best to be flexible and adapt, yet provide the best price, we have structured our packages to give great flexibility and to be fair. Below is a list of options that can be added.

- Additional time in 30 minute blocks \$99.(includes 3 additional images per dancer).
- Portable backdrop setup for shoot \$75
- Additional digital images \$20 each
- Additional editing requests per image \$10
- Creative edit or image composite simple \$75
- Creative edit or image composite complex \$125

Talk to us about flexibility and custom pricing to suit your studio or individual requirements.

We can also photograph end of year concerts and live performances providing you with flexible pricing options.

If you require videography work, this is something we also offer and can discuss this with you.

All pricing is current as of October 2023 and Includes GST
